

# WOLF TRAX 30% MAGNESIUM DDP

Guaranteed analysis:

Magnesium (Mg) ..... 30%

Derived from magnesium sulfate, magnesium oxide and magnesium carbonate.

Contains 6 lbs magnesium per 20 lb package. Contains 2.7 kg magnesium per 9.07 kg package. F002162

**For the correction of magnesium deficiencies in crops.** KEEP OUT OF REACH OF CHILDREN. WEAR GOGGLES, GLOVES AND RESPIRATOR WHEN HANDLING. Avoid prolonged contact with skin or eyes. Safety data sheet available. IF SWALLOWED drink plenty of water and call a physician. In case of contact with eyes, immediately flush with water for 15 minutes and consult a physician. In case of contact with skin, wash affected area. PRECAUTIONS. Always read and follow labelled directions for application. Over application can result in phytotoxicity to crops. STORAGE AND DISPOSAL. Store in a cool dry facility. Do not store near feed, foodstuffs or in proximity to water bodies. If spills occur, clean up by sweeping up. Dispose of wastes at an approved waste disposal facility. Dispose of containers by thoroughly emptying powder into tank and disposing of packages in a sanitary landfill or at a waste disposal facility as recommended by state or local authorities. WARRANTY DISCLAIMER. The seller shall not be liable for special, incidental or consequential damages or for damages in the form of penalties. The seller makes no other claims to the buyer for damages arising out of misuse of the product or the failure to follow label instructions. The goods sold to you are subject only to the guarantee specified on the label. The seller makes no other claims to the buyer either expressed or implied regarding the product sold with respect to the fitness of the product for a particular purpose. Ineffectiveness or unintended consequences may result as a consequence of manner of use of the product, which is beyond the control of the seller. In no case will the seller be held liable for damages arising as a result of mishandling of the product. The buyer assumes all such risks. The user prior to application must test compatibility of the product with other chemicals and the seller does not warrant that the product is compatible with all chemicals under all conditions. Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.htm>.

## DIRECTIONS FOR USE – For further manufacturing

**Coating on Fertilizer Blends** - This product is used as a coating on all dry fertilizer blends. Application rates and timings should be based on soil and/or tissue tests, as well as recommendations from a professional agricultural consultant. Retention levels of Wolf Trax Nutrients on dry fertilizer blends will vary. Factors affecting the retention level include the quality of the dry fertilizer, the level of dust within the dry fertilizer and the presence of liquid additives. As a general guideline, the retention rates of Wolf Trax Nutrients on many common dry fertilizer blends range from 0.3 to 1.0% by weight. Liquid additives may increase the retention of Wolf Trax Nutrients. To determine the coating capacity of Wolf Trax Nutrients on your dry fertilizer blends, always use a blend test and consult a Compass Minerals representative.
